

# **OLD SCHOOL vs. NEW SCHOOL *TEACHERS***

---

**Academic Rigor:** Keep high standards while understanding students' challenges.

**Student relationships:** Earn the respect needed to be viewed as a leader.

**Methodology:** Require students to learn to listen, but keep them engaged.

**Feelings & Demands:** Teach students to meet demands despite their feelings.

**Contributing Ideas:** Diversity on the team with a unified purpose can make teamwork successful.

**Career-Oriented:** Be passionate and hardworking in the job God has given you, while understanding your limitations and the need to be refreshed.

**Multiple Responsibilities:** The best teachers understand the need for flexibility and possess the drive to succeed at many roles.

**Student Supervision & Discipline:** Give students the space to do what is right on their own, and hold them accountable when they do not.

**Propaganda Discerners:** Develop discerning, resilient students instead of safe spaces.
